

## Layer thickness measuring device SonicControl, for grease separators

## **Article information**

Item no.: 917821 GTIN: 4026092042076 Price group: 60

## Description

SonicControl layer thickness measuring device for grease separators free-standing installation and underground installation with ultrasonic sensor for centimetreaccurate monitoring and reporting of the grease layer thickness. With mains connection, battery backup and optional connection possibility for a remote signal generator.

Incl. Mounting set for easy installation and maintenance provided by the customer. Cable (for sensor) can be extended up to 60 m provided by the customer. Control unit with visual and audible alarm, electronic log book designed for 12 months, log book can be read out via serial interface.

General characteristics	
Cable length:	10 m
Dimensions	
Net weight:	4,5 kg
Gross weight:	4,8 kg
Packaging dimension:	length
Packaging dimension:	width
Packaging dimension:	height
Pumping device	
Connection type:	Schuko (earthed contact) 2-pin
Control	
Protection class control unit:	IP 54
Operating voltage:	230 V
Connection type:	Schuko (earthed contact) 2-pin
Length of mains cable for control unit:	1,45 m
Potential-free contact:	yes
