

Backwater valve Staufix Basic DN 200, Type 0, w/o emergency closure

Article information

Item no.: 71200 GTIN: 4026092002346 Price group: 10

Advantages

- Simple conversion possible using conversion kits
- Fast and toolless maintenance and cleaning
- Ideal for modernisation, can also be installed in existing pipes later

Description

The backwater valve for rainwater is equipped with a mechanical flap which closes automatically in the event of backwater. Thanks to the modular KESSEL system, existing systems can easily be supplemented by a second backwater flap or an emergency closure.

Variant Mechanical backwater flaps:	1
General characteristics Colour: Standard: Nominal size (DN): Outer diameter (OD): Type of wastewater: Installation situation: Delivery state: Backwater protection:	black EN 13564 200 200 mm Rainwater exposed drainage pipe installation-ready Type 0
