

Backwater valve Staufix Basic DN 100, Type 1, with emergency closure

Article information

Item no.: 72100 GTIN: 4026092002353 Price group: 10

Advantages

- Simple conversion possible using conversion kits
- Optional rat protection flap for additional safety
- Fast and toolless maintenance and cleaning

Description

The backwater valve for wastewater without sewage is equipped with one mechanical flap which closes automatically in the event of backwater and also serves as an emergency closure to be closed by hand. Thanks to the modular KESSEL system, existing systems can easily be supplemented by a second backwater flap.

Variant	
Stainless steel flap as rat protection:	no
